DD (Data Deficient)Sclerophrys gutturalis

Date assessed	2020-12-10
Year published	2021
Eicat category	DD (Data Deficient)
Justification for EICAT assessment	Predation by S. gutturalis has not been recorded through either observational or experimental studies. Rather the potential predation of S. gutturalis on native invertebrates and subsequent observed decline in populations has been speculated with no real data to support these speculations.
